

ANAS MANSOORI

Senior Android Developer | Kotlin | Jetpack Compose

Noida, Uttar Pradesh | +91 7619983037 | anasmansoori734@gmail.com

[LinkedIn](#) | [Portfolio](#) | **Immediate Joiner**

PROFESSIONAL PROFILE

Senior Android Developer with 6+ years of experience building scalable, secure, and high-performance mobile applications using Kotlin, Java, Jetpack Compose, and Kotlin Multiplatform. Experienced in MVVM, Clean Architecture, modular architecture, offline-first development, fintech payments, Mobile POS, NGO survey platforms, and OTT applications. Delivered measurable improvements in crash rate, transaction reliability, API performance, and development efficiency while mentoring developers and collaborating across product, backend, and QA teams.

CORE TECHNOLOGIES

Android: Kotlin, Java, Android SDK, Jetpack Compose, XML, Android Architecture Components

Architecture: MVVM, Clean Architecture, modular architecture, offline-first architecture

Data and Async: Coroutines, Flow, RxJava, Room, Firebase, Retrofit, REST APIs, JSON

Specialized: Payment gateways, Bluetooth/Wi-Fi integration, ExoPlayer, performance optimization, Git, Gradle, Play Store deployment

PROFESSIONAL EXPERIENCE

Senior Software Engineer

Sep 2022 - Mar 2026

To The New | Noida

- Developed Android applications for fintech and NGO survey clients using Kotlin, Jetpack Compose, Retrofit, and modern Android architecture, improving responsiveness and reducing crash rates by 15%.
- Built secure payment and transaction features covering processing, validation, status tracking, and failure and retry handling.
- Implemented modular, reusable architecture that improved maintainability and reduced development time by 10% across multiple projects.
- Mentored junior developers and collaborated with backend, QA, product, and business teams to deliver scalable mobile solutions.

Senior Software Engineer

May 2021 - Sep 2022

Chetu India Pvt. Ltd. | Noida

- Built and deployed a Mobile POS application with Bluetooth and Wi-Fi device integration for payments and receipt printing, supporting 1,000+ transactions daily.
- Integrated secure Credit Card, Debit Card, UPI, and ACH payment workflows across fintech and retail applications.
- Improved transaction success rates by 10% through optimized workflows, robust error handling, and transaction-state management.
- Reduced API response latency by 10% through RxJava-based asynchronous processing and performance optimization.

Senior Android Developer

Apr 2019 - Apr 2021

Binplus Technologies Pvt. Ltd. | Jhansi

- Delivered the Smart Self Study Android application for lectures and learning materials, achieving 10K+ downloads and a 4.5-star Google Play rating.
- Built scalable, user-friendly Android solutions and worked with cross-functional teams to meet project requirements and release timelines.
- Mentored junior developers through code reviews and technical guidance, contributing to a 15% improvement in team productivity.

SELECTED PROJECT HIGHLIGHTS

NGO Survey Application | Kotlin, Jetpack Compose, Room, Retrofit

Designed an offline-first survey workflow for field teams, including local data capture, synchronization, retry handling, and reliable operation in unstable network conditions.

Mobile POS Platform | Android, RxJava, Bluetooth, Wi-Fi, Payments

Implemented payment processing and receipt-printing workflows with connected devices and multiple payment methods, supporting 1,000+ daily transactions and improving transaction success by 10%.

Fintech Transaction Features | Kotlin, Retrofit, Secure Payments

Developed transaction processing, validation, status tracking, and controlled retry flows for Credit Card, Debit Card, UPI, and ACH payments.

Smart Self Study | Android, Education, Google Play

Delivered a production learning application providing lectures and study materials, reaching 10K+ downloads and a 4.5-star rating.

LEADERSHIP AND DELIVERY

- Mentored junior developers through code reviews, technical guidance, and practical architecture discussions.
- Worked closely with backend, QA, product, and business stakeholders to deliver reliable releases and resolve production issues.

EDUCATION

B.Tech in Computer Science | Bundelkhand Institute of Engineering and Technology, Jhansi | 2016 - 2019 | 64%

Diploma in Information Technology | Government Polytechnic Lucknow, Lucknow | 2012 - 2015 | 67%
